UFUK ASSOCIATION FOR RELIEF AND DEVELOPMENT

Sectors of Specialism and Objectives

UFUK Association for Relief and Development operates across multiple humanitarian and development sectors, combining emergency relief with sustainable recovery and community empowerment. The organization's experience is particularly strong in crisis-affected areas — most notably **Palestine (Gaza Strip, West Bank, and Jerusalem)** — where it implements large-scale, locally coordinated humanitarian interventions.

1. Emergency Relief and Humanitarian Response

Providing rapid, life-saving assistance to individuals and families affected by wars, displacement, and natural disasters.

- Emergency food and non-food item (NFI) distribution
- Hot meal programs and emergency kitchen operations
- Winterization projects (blankets, heaters, winter clothing)
- Urgent medical aid, hospital support, and cash assistance for families in crisis

2. Food Security and Nutrition

Enhancing food accessibility and combating malnutrition through sustainable local interventions.

- Distribution of food parcels, flour, and bread baskets
- Support to bakeries and community kitchens
- Nutrition-sensitive programs for children and pregnant women
- Agricultural rehabilitation and small-scale farming initiatives

3. Water, Sanitation, and Hygiene (WASH)

Ensuring safe and consistent access to clean water and hygiene services for affected populations.

- **Water well drilling and rehabilitation**
- **Water trucking and daily distribution to households and shelters**
- Maintenance of damaged water networks and sanitation facilities
- Distribution of hygiene kits and hygiene awareness campaigns

4. Health and Medical Support

Providing healthcare services and medical relief for vulnerable patients.

- Support for hospitals with medical equipment and consumables
- **Organization of medical operation days** (covering surgeries and specialized treatments for patients in need)
- Medical aid and referrals for chronic or emergency cases
- Mental health and psychosocial support (MHPSS) for affected families

5. Shelter, Housing, and Reconstruction

Restoring safety and dignity for displaced and affected families through shelter and home rehabilitation.

- **Repairing damaged and uninhabitable houses** for poor and displaced families
- Reconstruction of shelters and community facilities
- Transitional shelter assistance for families affected by conflict or disasters
- Provision of household materials and furniture for vulnerable families

6. Education and Child Welfare

Promoting education and supporting the protection and development of children.

- School rehabilitation, provision of supplies and uniforms
- Educational sponsorships for orphans and vulnerable children
- Non-formal education and remedial classes
- Recreational, psychological, and social support programs for children

7. Orphan Care and Sponsorship Programs

Providing long-term care and holistic support to orphaned children and their families.

- Monthly sponsorship programs covering basic living needs
- Educational, psychological, and health support for orphans
- Family strengthening and community-based care initiatives
- Regular follow-up and reporting to ensure transparency and impact

8. Livelihoods and Economic Empowerment

Supporting self-reliance through income-generating and vocational programs.

- Small business grants and micro-projects for families in need
- Vocational training and skills development
- Women's empowerment through home-based production and entrepreneurship
- Agricultural and livestock livelihood support

9. Social Care and Protection

Safeguarding the rights and dignity of vulnerable individuals and communities.

- Assistance to widows, persons with disabilities, and the elderly
- Awareness sessions on protection, inclusion, and gender equality
- Safeguarding mechanisms to prevent exploitation, abuse, and neglect

10. Sustainable Development and Community Resilience

Building community resilience and long-term recovery through sustainable practices.

- Capacity-building for local partners and community-based organizations
- Environmental protection, tree planting, and green initiatives
- Promotion of renewable energy and sustainable agriculture
- Advocacy for humanitarian principles and social justice

11. Geographical Expertise – Palestine and Crisis Contexts

UFUK Association possesses extensive operational experience and partnerships in **Palestine (Gaza Strip, West Bank, and Jerusalem)**, implementing projects in highly complex humanitarian environments.

- Proven capacity for rapid emergency response in active conflict zones
- Strong partnerships with local civil society and municipal bodies
- Coordination with international donors and UN-led humanitarian clusters
- Deep contextual understanding of community needs and access mechanisms

Organizational Objectives

1. **To save lives and alleviate suffering** by responding to humanitarian emergencies swiftly and effectively.
2. **To combat poverty and inequality** by ensuring access to basic human needs and essential services.
3. **To empower individuals and communities** through sustainable development and livelihood programs.
4. **To uphold human dignity** and promote social justice in all interventions.
5. **To protect orphans, women, and vulnerable adults** through dedicated care and protection programs.
6. **To strengthen local capacity and resilience**, enabling communities to recover and rebuild independently.
7. **To foster partnerships** with local, regional, and international humanitarian actors for greater collective impact.
8. **To ensure transparency and accountability** in all organizational and financial operations.
9. **To contribute to global humanitarian goals**, aligning all programs with the UN Sustainable Development Goals (SDGs).

Sincerely,

The Board of Directors and Legal Team of UFUK Association for Relief and Development
