

UFUK ASSOCIATION FOR RELIEF AND DEVELOPMENT

Vision & Mission Statement

Our Vision

To build a world where **human dignity is protected**, and **justice, peace, and solidarity** prevail.

UFUK Association for Relief and Development envisions a future in which every individual has access to fundamental human rights, lives in safety and dignity, and is free from poverty, oppression, and despair.

In pursuit of this vision, we strive to:

- Develop a **human-centered and sustainable model** of humanitarian response,
- View humanitarian aid not merely as temporary relief, but as a **pathway to empowerment and long-term development**,
- Serve as a **reliable, transparent, and impactful organization** that sets an example both nationally and internationally.

UFUK aims not only to respond to crises, but also to **bring hope for the future, rebuild lives and communities**, and **serve humanity with compassion and integrity**.

Our Mission

UFUK Association for Relief and Development is dedicated to delivering humanitarian assistance to individuals and communities affected by crises, while preserving their human dignity.

Guided by the principles of **Humanity, Impartiality, Independence, and Transparency**, our mission is to:

- Provide **emergency relief** such as food, shelter, healthcare, water, hygiene, and clothing,
- Support **education, livelihood, and development programs** that promote self-reliance,
- Protect and empower **orphans, women, persons with disabilities, and the elderly**,
- Assist communities affected by **war, natural disasters, and poverty** in rebuilding their lives,
- Strengthen **international cooperation and humanitarian partnerships** to maximize impact,
- Promote **local capacity-building and community-based approaches** in every project.

UFUK views humanitarian action not only as a response to need but as a **process of justice, mercy, and social transformation**.

Our Strategic Approach

To achieve its vision and mission, the Association commits to:

- Implementing **needs-based and evidence-driven** humanitarian interventions,
- Building **strong partnerships with local and international stakeholders**,

- Integrating **data, innovation, and technology** in aid delivery,
- Ensuring **transparent financial management** and **accountable governance**,
- Aligning all programs with the **United Nations Sustainable Development Goals (SDGs)**.

Our Core Values

- **Humanity:** Protecting life and dignity lies at the heart of all our work.
- **Impartiality:** Assistance is provided regardless of religion, ethnicity, nationality, or political belief.
- **Independence:** UFUK operates free from political, economic, or ideological influence.
- **Transparency & Accountability:** All processes are open, traceable, and publicly accountable.
- **Sustainability:** Our projects aim for long-term resilience and empowerment, not temporary relief.
- **Compassion & Justice:** We act with empathy and fairness, seeking to heal both people and systems.
- **Participation & Respect:** Every voice matters — we value the knowledge, experience, and priorities of local communities.

Sincerely,

The Board of Directors and Legal Team of UFUK Association for Relief and Development
